

Dear Student,

Pursuant to the Government Decree on the measures ordered in connection with the emergency situation announced by the Government of Hungary, the following provisions shall enter into effect in relation to the issuance and validity of higher education student ID cards and certificates to substitute student ID cards.

1. Transport services providers shall accept, in addition to student ID cards already provided with a badge for the spring semester of academic year 2019/2020, ID cards validated by the badge for the fall semester after 31 March 2020, in order to use discount tickets and passes for travels.

The validation badges issued for the fall semester of academic year 2019/2020 shall be valid during the period of the emergency situation announced, and also for 15 days after the withdrawal of such emergency situation, and shall entitle students for travelling at discount rates.

2. Those who do not have a student ID card validated for the fall or spring semester of academic year 2019/2020, may apply for a certificate to substitute for a student ID card electronically (by e-mail), addressed to the staff of the Faculty Registrar's Office.

3. Those who do not yet have a student ID card, may also apply for a certificate to substitute for a student ID card electronically (by e-mail), addressed to the staff of the Faculty Registrar's Office.

Faculty Registrar's Offices shall send certificates to substitute for student ID cards in a scanned format by e-mail following receipt of the relevant application, which students are required to present in a printed format to the transport services provider when controlling discount travel entitlement.

In case of the expiry of the validity period (60 days) of a certificate – already issued – to substitute for a student ID card, a new certificate may also be applied for electronically (by e-mail), addressed to the staff of the Faculty Registrar's Office.

Certificates sent electronically may be used during the period of the emergency situation announced and for 15 days after the withdrawal of the emergency situation – within the deadline of validity indicated on the certificate issued – and shall enable the student to use discounts associated with the student ID card.

Best regards, Directorate-General of Education
