

Global Service Jam

Just 48 hours to change the WORLD.

Dear Innovators, World-shakers, Creative problem-solvers...,

Are you ready for a **global challenge**? Would you like to change the world in 48 hours and create social impact? Or just want to have fun and meet new cool people? Join our Global Service Jam and have all of these in one place!

What is a Jam?

Each year around February/March, people who are interested in service and using a design-based approach to problem solving and creativity will meet all over the globe. In a spirit of experimentation, co-operation and friendly competition, teams will have 48 hours to develop brand new services or make already existing ones better and more sustainable. The whole challenge is inspired by a theme which will be announced by the organizers at the beginning of the Jam in all participating countries.

When?

March 9, 17:30 pm - March 11, 18:00 .

Where?

KUBIK coworking (Budapest, Jászai Mari tér 5-6., 1137)

Why should you join?

As a participant in the Global service jam, you will work through a whole design process in one weekend. Whether you are experienced or completely new to the field, you won't just be *talking* about service design, you will be *working* with others on developing concrete ideas and designs which could become real. Furthermore:

- You will **learn more about a design-based approach to problems**, and about **sustainability**.
- You will pick up a load of **new ideas and work practices**.
- You will meet a lot of **cool people** at all levels of experience.
- Your work and ideas will be reviewed by your peers, and presented to the world, where they can be **seen by potential customers or employers**, or **people who could make them real**.
- You will design something that may become a **real business**.
- You might **get rich and famous**.
- You will certainly **have a blast**.

Tickets?

3,500 HUF that covers your catering during the 2.5 days of the JAM!
