

Applying for Student ID card

Required Documents

- 1.Passport or Residence permit
- 2.Address card

Government Office

Visit the government office (Kormányablak), have your photo taken, and receive a form with a NEK identifier. Ensure the data matches Neptun, or your request will be rejected.

Neptun System

Go to Administration > Student card request > Add new. Enter NEK identifier (capital letters, no dashes). Select the demand type (reason for request). Choose your home address from the drop-down menu. Do not fill in the "second institution" field. Submit the request and check the card status in Neptun.

Your student ID card is READY!

When your card is ready, the government office will notify you that you have 5 days to collect it from your faculty study office.

Validate your student ID card

Validate your student ID card each semester with holographic stickers from your faculty's study office. The sticker must be affixed by an administrator, and you must sign to confirm receipt.
